ROLTA Wins FICCI Award for Excellence in Science, Technology and Technological Innovation

Mumbai: Rolta proudly announces that it has won the prestigious award for 'Excellence in Science, Technology and Technological Innovation' for the year 2009-10 from the Federation of Indian Chambers of Commerce and Industry. This award recognizes Rolta's innovative software products and solutions to solve real-world problems of business enterprises and government agencies, and especially their relevance to India's inclusive-growth aspirations.

FICCI sought nominations for this award based on stringent qualifying criteria that were focused on development and deployment of technology in a manner that makes a real contribution to the bottom lines of business enterprises, and for e-governance initiatives. Rolta was selected from among numerous contenders by a jury headed by Mr. Justice PN Bhagwati, former Chief Justice of India.

Rolta has transformed its business from a services centric model into one that is solutions oriented, with a large repository of Rolta's own intellectual property ("IP"). Rolta's IP comprises numerous software products and industry-specific solution templates. Rolta has developed three flagship solutions frameworks that provide insightful business intelligence -- Rolta Geospatial Fusion™ for enterprise-level integration of spatial and non-spatial data; Rolta OneView™ for near-real-time monitoring of key performance indicators in the process and power industries; and Rolta iPerspective™ as a platform for integration and management of heterogeneous IT infrastructure of an enterprise. The solutions have been proven in the field, and have received numerous accolades in the international marketplace.

At a ceremony in New Delhi earlier today, Rolta received the award at the hands of the Hon. Finance Minister of India.

Mr. K. K. Singh, Chairman and Managing Director of Rolta said, "At Rolta, we are committed to developing world class solutions that leverage our domain expertise in select verticals, and Rolta's IPR. I am very pleased, and indeed proud, that our endeavors have merited recognition by the apex body of Indian industry for their innovative character, and their relevance to businesses and governments."

About Rolta: Rolta is an Indian multinational organization that has executed projects in over 40 countries. Rolta is among the world's leading providers of geospatial solutions and services, with a unique solutions framework – Rolta Geospatial Fusion™. Rolta's intellectual property repository contains cutting-edge software for earth sciences, including technologies acquired from world leaders, providing the foundation for C4ISTAR information systems, Military Communications, Digital Soldier, and Vehicle Systems covering the entire "sensor to shooter" chain, and for sophisticated Homeland Security Solutions. Rolta offers EPCm services for the entire lifecycle of plants in Oil & Gas, Power and Chemical/Petrochemical industries. Rolta OneView™ is an innovative business intelligence solution for the process industry for operational excellence. Rolta's portfolio of IT solutions includes Rolta iPerspective™, an innovative suite of software for enterprise-level integration and SoA enablement of applications, and providing state-of-the-art technology for exploiting cloud computing. Rolta, headquartered in Mumbai, employs over 4000 professionals with countrywide infrastructure and international subsidiaries across the globe. The Company has benchmarked its quality processes against the world's best quality standards. Forbes Global has ranked Rolta amongst the "Best 200 under a Billion" for four times in six years. Rolta was included in the S&P Global Challengers List™ 2008, by Standard & Poor's. This List identifies 300 mid-sized companies worldwide that have shown the highest growth characteristics along dimensions encompassing intrinsic and extrinsic growth. Rolta has been ranked among the leading employers, year after year, in the DATAQUEST surveys of Best Employers in the IT sector. The Company is listed on the Bombay Stock Exchange and National Stock Exchange in cash and F&O segment, and forms part of various indices on BSE/NSE. The Company's GDRs are listed on the Main Board of London Stock Exchange and its FCCBs are listed on the Singapore Stock Exchange.
