### **Rolta wins a prestigious Nuclear Reactor System Engineering Design project**

**MUMBAI:** - Rolta is pleased to announce that it has won a prestigious engineering design project for a significant nuclear reactor system of international importance. We believe that this is one of the first of its kind internationally and is a very complex and technically challenging engineering design project.

The project demands a high level of specialized expertise in conceptual design, system development, finite element analysis and safety analysis, in addition to multi-disciplinary engineering competence and domain expertise. Rolta was selected primarily due to the extensive experience and expertise of its engineering and design teams in nuclear systems, reactor safety analysis and project management. This project provides Rolta an opportunity to work on sophisticated nuclear technology related projects using advanced technologies.

With various international agreements signed by the Government of India, the nuclear power engineering segment in India is increasingly offering greater opportunities for companies like Rolta to provide high-value engineering services. While Rolta has been involved in several other projects in the Indian nuclear industry, this project is expected to be important in establishing Rolta's track record in the nuclear sector.

Speaking on the occasion, Mr. K. K. Singh, Chairman and Managing Director of Rolta said, "We are happy to be part of this prestigious project and will continue to provide high end engineering services in the field of nuclear energy. We are very pleased that our engineering strengths are being recognized for participation in such sophisticated projects".

#### **About Rolta**

Rolta is an Indian multinational organization that has executed projects in over 40 countries. Rolta serves these markets by providing innovative solutions in Enterprise Geospatial Information Solutions (EGIS), Defense & Homeland Security, Enterprise Design & Operations Solutions (EDOS) and Enterprise Information Technology Solutions (EITS). Rolta, through its joint venture with the Shaw Group Inc. USA – Shaw Rolta Ltd. – provides comprehensive Engineering, Procurement and Construction Management (EPCM) services to meet turnkey project requirements of power, oil, gas and petrochemical sectors. Rolta's joint venture with Thales, France – Rolta Thales Ltd., develops and provides state-of-the-art C4ISTAR information systems, Military Communications, Digital Soldier and Vehicle System solutions, covering the entire "sensor to shooter" chain, under transfer of technology from Thales. Rolta, headquartered in Mumbai, employs over 4500 professionals with countrywide infrastructure and international subsidiaries across the globe. The Company has benchmarked its quality processes with the world's best quality standards. Rolta is accredited with the prestigious BSI ISO/IEC 27001:2005 certification, the ultimate benchmark for information security; the BSI ISO/IEC 20000-1:2005 IT Service Management Standard, and the Company has been assessed at Maturity Level 5 of the Capability Maturity Model Integrated CMMI SW version 1.1 in 2006. The Company is now engaged in upgrading to Maturity Level 5 of version 1.2. Forbes Global has ranked Rolta amongst the "Best 200 under a Billion" for four times in six years. Rolta has been included in the S&P Global Challengers List<sup>TM</sup> 2008, by Standard & Poor's. This List identifies 300 mid-size companies worldwide that have shown the highest growth characteristics along dimensions encompassing intrinsic and extrinsic growth. Rolta was ranked at the #1 position in Human Resources (HR), and at the 3rd position in overall ranking in the 2009 DATAQUEST survey of Best Employers in the IT sector. The Company is listed on the NSE in cash and F&O segment and forms part of CNX IT, NIFTY Midcap 50 and CNX 500 indices. The Company is also listed on BSE 'A' group and forms part of BSE Midcap, BSE 200, BSE 500, BSE IT and BSE TECK indices. The Company's GDRs are listed on the Main Board of London Stock Exchange and its FCCBs are listed on the Singapore Stock Exchange.
