Rolta Wins 2011 Oracle North America Titan Award for Data Center Efficiency

Mumbai – October 24, 2011 – Rolta, an Oracle Platinum Partner, is pleased to announce that it has won the 2011 Oracle Partner Network (OPN) North America Titan Award in the Data Center Efficiency category for its work for Aspen Marketing Services. In addition, Rolta was recognized with 'Honorable Mention' in three additional categories:

- *Business Intelligence & Data Warehousing category for its work with the Chicago Housing Authority*
- *Exadata Solution category for its work with RealMed*
- *Oracle Red Stack Solution category for its work with NOAA*

The Oracle Titan awards were presented on Tuesday, October 4th during the Oracle North America Partner & Titan Award Gala held at San Francisco's City Hall, which was held in conjunction with Oracle OpenWorld, Oracle's annual international user group meeting. The awards, which acknowledge leading partners for solutions delivered in Oracle's fiscal year 2011, draw hundreds of nominations across 32 categories.

"It is always a tremendous honor to be nominated for an Oracle Titan award. We are excited, once again, to be among the few that have won this award based upon our excellence in driving business value and innovation with Oracle technology," said Matthew Vranicar, Executive Vice President of Rolta. "First and foremost, this is a testament to our clients who challenge us to develop innovative solutions. A Titan award and three additional honorable mentions are also evidence of the immense talent and experience of the Rolta team."

Rolta also announced at Oracle OpenWorld that it is introducing two new service offerings designed to help organizations create efficiencies and reduce costs in core operations functions. Rolta CIO Impact™ offers a range of solutions from advisory services to IT outsourcing with the common goal of providing reliable, scalable IT resources to minimize Total Cost of Ownership. Rolta CFO Impact™ focuses on financial processes to help CFO's and their teams take optimum advantage of process improvements as well as technology services that modernize and transform finance systems and provide better access to critical information needed for analysis, reporting and the financial close process.
