Rolta launches cutting-edge Earth Science Solutions for world-wide markets

Mumbai, September 1, 2009 - Rolta India Limited, one of India's leading IT companies, specializing in Enterprise Geospatial Information Solutions (EGIS), Defense and Homeland Security, Enterprise Design and Operation Solutions (EDOS) and Enterprise Information Technology Solutions (EITS), today announced the launch of state-of-the-art solutions for Earth Science applications.

These solutions are based on an exceptional combination of Rolta's existing repository of intellectual property and key technologies acquired at the source code level, from various companies worldwide including, PCI Geomatics. Rolta Earth Science solutions provide some of the most advanced Geo-Imaging and Photogrammetry capabilities, including - knowledge based & neural network classification, automatic change detection and next generation stereo-imagery ingestion, triangulation, DEM, orthophoto generation & map finishing, from multi-sensor satellite and aerial imagery.

These solutions are easily configurable to meet specific high end Enterprise Geospatial needs of organizations across diverse segments like: Defence, Homeland security, Space, Agriculture, Forestry, Environment, Water resources, Town & Urban planning, Land Records, Telecom and Utilities.

Rolta's comprehensive Earth Science solutions are already deployed and being actively used for mission-critical applications, by hundreds of users, across the country. These advanced and user friendly technologies seamlessly integrate with the extensive repository of Rolta Geospatial solutions, e.g. Rolta Geospatial Fusion™, and are complementary to leading GIS platforms such as Intergraph, ESRI and many others.

Speaking on the occasion Mr. K. K. Singh, Chairman and Managing Director of Rolta stated *"The launch of Rolta Earth Science solutions is in line with our strategy of introducing Rolta IP into world markets, thereby enabling us to continuously move up the value chain and enhance our solutions portfolio for customers, globally. We are proud to be the first Indian company to have such a robust suite of Enterprise Geospatial Information Solutions"*.
